Supporter

- 2 tickets to event of your choice
- Organization's logo on event collateral & social media outlets for chosen event

For 40 years, **Tribute** has brought together members of the community to reflect on tribulations and celebrate accomplishments of the past year, and to raise funds that support Mental Health Colorado's advocacy. The night spotlights stories of courage, recovery, and success as we pay tribute to the individuals and organizations that make a difference in the lives of Coloradans.

LEAD - Legislative & Education Advocacy Day - is an annual multiday event that convenes legislators, community partners, and other advocates who are invested in the well-being of Coloradans. Together, we take stock in the health landscape of our state and begin to understand where potential legislative and educational interventions are needed.

Our **Summer Golf Tournament** is as an exciting new event for Mental Health Colorado taking place on June 22, 2023, at Raccoon Creek Golf Course. This tournament will not only raise awareness about the issues facing Coloradans when it comes to mental health, it will also raise critical funds to promote well-being, ensure equitable access to mental health and substance use care, and end discrimination. Come network with individuals and/or companies that serve our mission while enjoying recreational sports!
